<sup>1</sup> The 2007 population figures are FBI estimates based on provisional data from the U.S. Census Bureau. (See Data Declaration.)

<sup>2</sup> The FBI does not publish arson data unless it receives 6 months data from either the agency or the state for 2007 and/or 2008.

<sup>3</sup> The population for the city of Mobile, Alabama, includes 61,856 inhabitants from the jurisdiction of the Mobile County Sheriff's Department.

<sup>4</sup> The FBI determined that the agency did not follow national Uniform Crime Reporting (UCR) Program guidelines for reporting an offense. Consequently, this figure is not included in this table and has been excluded from all *Report* tabulations.

<sup>5</sup> The data collection methodology for the offense of forcible rape used by the Illinois (with the exception of Rockford, Illinois) state UCR Program does not comply with national UCR Program guidelines. Consequently, their figures for forcible rape and violent crime (of which forcible rape is a part) are not published in this *Report*.

<sup>6</sup> Because of changes in the state/local agency's reporting practices, figures are not comparable to previous years' data.
